

Clean Room Hoist

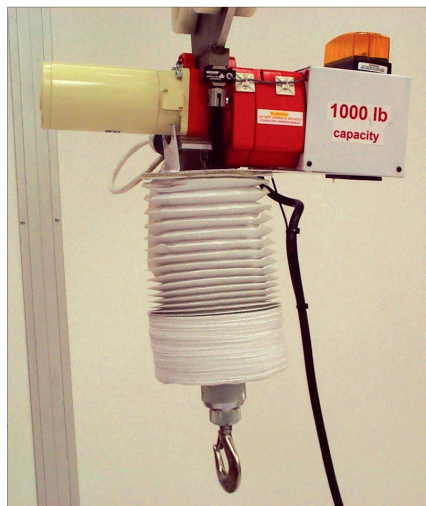

The Only Class 10 Clean Room Certified Hoist

Carpenter Crane Hoist's clean room hoists are designed to be versatile as well as clean. Our hoists are designed and certified to a Class 10 level. Hoists are available for turnkey crane systems as well as OEM applications. Carpenter Crane Hoist can design, fabricate and install cranes for any material handling application.

Carpenter Crane Hoist is the only crane manufacturer that is a member of SEMI, ensuring accuracy and reliability in its clean room environments.
